Live Jewellers Attack CCTV

The world's most powerful
Burglary and Robbery
deterrent system

EN 50131-8 CNPP APPROVAL No. 2010.0032 **APPROVED**

Speed

Fog Bandit is the fastest security fogging system on the market.

- Delivers 28 cubic metres per second
- Intruders are rapidly stopped from entering a premises and targeting assets thereby minimising damage to premises

Density

Fog Bandit is the highest density security fogging system on the market.

- 30 centimetre vision impairment
- What can't be seen can't be stolen
- High density fog lasts longer and is far more effective
- Fog is completely harmless and safe to use in any environment

Reliability

Fog Bandit has a proven record of working correctly when needed most.

- Outstanding reliability from solid state electronics and robust, high quality casing and components
- Continuous self-diagnostics reports status changes immediately
- Very low maintenance and running costs (the clean filled and hermetically sealed fluid cartridge has a 4 year no-maintenance life span)
- Patented automatic self cleaning after each activation

Credible Deterrent 24/7

The rapid fog deployment of the Fog Bandit will deter the threats of both

- **Day time robbery**
- **Night time burglary**
